

HyTrax™

Hydraulic, Transmission, Axle and Final Drive Fluid

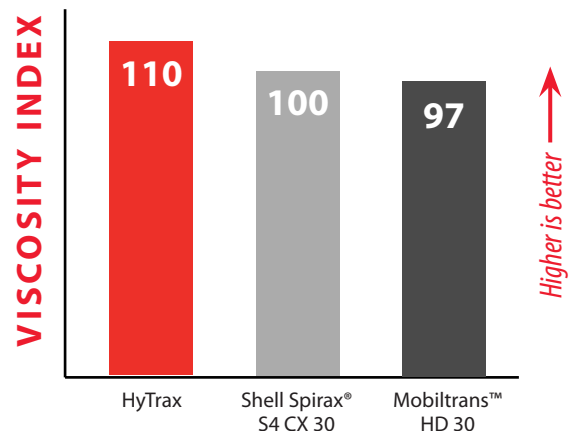

Don't Get Stuck in the Mud

Your team depends on you to keep equipment up and running. Protect your off-road hydrostatic transmissions and hydraulic power systems with HyTrax Hydraulic, Transmission, Axle and Final Drive Fluid. HyTrax is a rugged, long lasting, clean fluid designed to provide excellent anti-wear and extreme pressure protection. Specially designed for the severe service requirements of Caterpillar Powershift Transmissions and other off-road equipment, HyTrax provides controlled friction in clutch packs to prevent slippage and chatter. Help your team get the job done by choosing HyTrax.

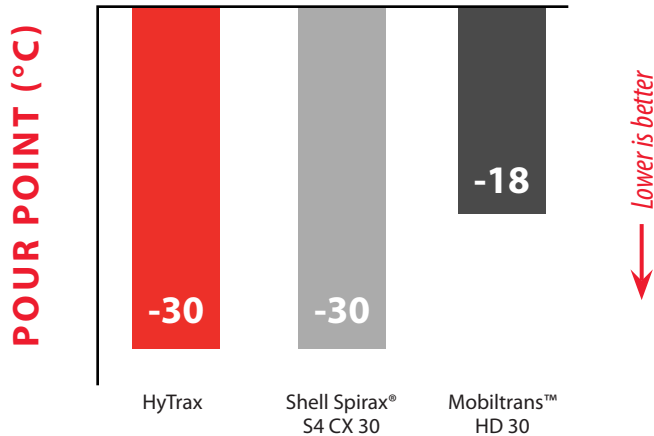

BENEFITS

- **Optimal friction properties prevent clutch slippage, chatter and wear**
- **Extreme pressure and anti-wear protection**
- **Excellent thermal and oxidative stability for extended drains**
- **Superior foam control and demulsibility**
- **Resists harmful dilution and corrosive effects of water while protecting equipment**
- **Conditions seals to prevent leaks and loss of pressure**

HyTrax's high Viscosity Index prevents high temperature thinning and low temperature thickening.

HyTrax exhibits excellent low temperature fluidity.

Hydrotex Clean Diesel Fuel Management is a data driven continuous improvement process implemented with the on-site user to overcome the chemical and physical deficiencies of diesel fuel for increased performance, reliability, sustainability, and profitability.

**TEST FUEL QUALITY • REMOVE EXISTING CONTAMINANTS
PREVENT FUTURE CONTAMINATION**

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

For optimal results, use with:

PIN-TAC™

Protect your heavy duty construction and earth moving machinery with Pin-Tac high performance construction and mining grease. Formulated using robust adhesive/cohesive Resilium polymers and 3% technical-fine grade Molybdenum Disulfide, Pin-Tac is built to provide maximum, long lasting protection to highly loaded pins, bushings, bearings and chassis points against corrosion, water washout and pounding loads under the extreme pressures and temperatures experienced by heavy duty construction and mining equipment.

POWER KLEEN™

Give new life to your diesel fuel system! Power Kleen keeps the entire fuel system clean: powerful nitrogen cleaning molecules dissolve deposits of carbon, gum and varnish in fuel injectors, lines and tanks, and prevents their reformation.

HYFILM® LEO HEAVY DUTY

The oil of choice for Sustainable Heavy Duty fleets, HyFilm LEO HDEO uses cutting edge technology to maximize fuel economy and engine protection in the most extreme environments, from arctic cold to blazing hot. Diesel fleet owners and managers looking to improve ROI, reduce downtime and optimize drain intervals choose HyFilm LEO HDEO to provide world-class lubrication excellence for their class 3-8 heavy-haul, transportation, agricultural, construction, on-road and off-road fleets.
