

HyFilm® LEO FST

Fuel Efficient Diesel Engine Oil

Achieve the lowest operating cost per mile

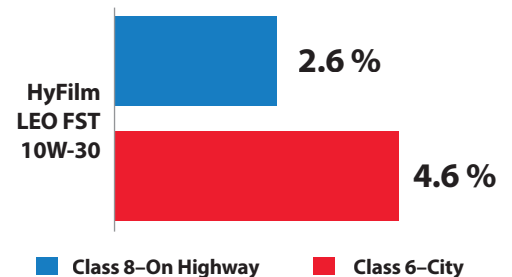

With fuel accounting for up to 40% of fleet operating costs, choosing a fuel maximizing engine oil is critical to your fleets profitability. Your fleet's diesel engines rely on ultra-efficient lubrication to maximize fuel efficiency and longevity. HyFilm LEO FST is formulated to exceed the lubrication requirements of these engines and ensure the best in equipment performance and reliability.

USE ONLY IN ENGINES WHICH SPECIFY AN API SERVICE FA-4 ENGINE OIL.

BENEFITS

- Increase fuel efficiency by up to 5% when compared to 15W-40
- Excellent soot handling and viscosity control
- Excellent thermal and oxidative stability reduce breakdown and sludge formation
- High TBN reduces deposit formation and bore polishing, while effectively neutralizing acidic contaminants
- Reduced oil consumption due to low volatility base oils
- Shear stable to ensure consistent engine protection
- Robust additive package minimizes corrosive and abrasive wear
- Outstanding low temperature fluidity for easy start-up
- Safe for exhaust after-treatment systems
- Available in SAE 10W-30

FUEL EFFICIENCY IMPROVEMENT OVER CONVENTIONAL 15W-40

Fleet Testing conducted according to the EPA Federal Test Procedure (FTP) demonstrates significant fuel economy improvement over all driving scenarios when switching to HyFilm FA-4.

For optimal results, use with:

POWER KLEEN™

Give new life to your diesel fuel system! Power Kleen keeps the entire fuel system clean: powerful nitrogen cleaning molecules dissolve deposits of carbon, gum and varnish in fuel injectors, lines and tanks, and prevents their reformation.

ESSENTIALUBE®

Keep your engine in pristine condition by flushing with Essentialube, our powerful blending agent which reduces the harmful effects of engine acids and increases engine life. Contains ashless additives and pure hydrocarbon ingredients, contains no metallic additives and will not void warranties.

HYPLEX™

Ensure maximum protection of your wheel bearings, chassis points and fifth wheels with HyPlex automotive grease. This multi-functional synthetic grease is formulated to excel under conditions of high heat, high speed, vibration, moisture and heavy loads. NLGI GC-LB certified.

Clean Diesel Fuel Management™

A Collaborative Process with **Hydrotex®**

Hydrotex Clean Diesel Fuel Management is a data driven continuous improvement process implemented with the on-site user to overcome the chemical and physical deficiencies of diesel fuel for increased performance, reliability, sustainability, and profitability.

**TEST FUEL QUALITY • REMOVE EXISTING CONTAMINANTS
PREVENT FUTURE CONTAMINATION**

- Improve Reliability
- Increase Uptime
- Optimize Efficiency

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
